👤 About Me

Highly motivated and results-oriented Software Engineer with two years of experience in designing, developing, and implementing robust and scalable software solutions. Proven ability to manage my final year project and an internship programme with collaboration with NED university and Tafsol technologies. Passionate about learning new technologies, contributing to open-source projects, improving software development processes.

🎓 Education

Bachelor in Software Engineering

2023-2027

Graduated from Sir Syed University of Engineering and Technology in Software Engineering | Karachi, Pakistan | 2023 - 2027

• Relevant coursework: Data Structures and Algorithms, Object-Oriented Programming, Software Engineering
• Graduated with a remarkable CGPA of 3.93 mantaining project outline with co-curricular activities

💼 Experience

Freelance Software Developement

Tafsol Technologies   2025-2027

 * Designed and developed a portfolio builder using JAVAscript and NEXT js which resulted in quantifiable result, e.g., a 15% increase in efficiency
 * Designed and developed a full stack E commerce webiste with own brand name and documentation. At door E commerce market plac.
 * Implemented Node js modules to improve of the application, leading to quantifiable benefit, e.g., a 20% reduction in response time.

Skills

- Agililty
- Creativity
- Front End Dev
- Back End Dev
- Critical Thinking
- Leadership

Expertise

- **Programming Languages**
  * Java
  * Python
  * JavaScript (including frameworks like React, Angular, Node.js)
  * C++

- **Framework and Libraries**
  - Spring Boot
  - Django/Flask
  - Hibernate, MyBatis
  - Mockito

- **Databases**
  - MySQL
  - PostgreSQL
  - MongoDB
  - Oracle, SQL Server

- **Cloud Platforms**
  - AWS (Amazon Web Services) - EC2, S3, Lambda
  - Azure (Microsoft Azure) - App Service, Functions, Storage
  - Google Cloud Platform (GCP)

- **Tools and Technologies**
  - Git
  - Docker
  - Kubernetes
  - Agile methodologies
  - RESTful APIs
  - Jenkins and Jira

Awards and Recognition

Lead Sofrware Enthusiast
SSUET SMEC 2024

 * Designed and developed a portfolio builder using JAVAscript and NEXT js which resulted in quantifiable result, e.g., a 15% increase in efficiency
 * We as a group was awarded 1st position on our project in which we created an automated Machine learner portfolio maker.
